

# MIAC soccer teams set for spring action

Posted: Mar 25, 2021

**BLOOMINGTON, Minn.** – Minnesota Intercollegiate Athletic Conference (MIAC) men's and women's soccer teams are preparing to return to the pitch this spring for the first time since the fall of 2019.

Though schedules have been abbreviated and pushed to the spring due to the ongoing COVID-19 pandemic, MIAC teams are set to compete in a variety of exhibitions, scrimmages, non-conference, and conference games over the next six weeks. MIAC soccer teams are permitted a maximum of eight games this spring. Regular season schedules can be found on the respective [men's](#) and [women's](#) schedule pages.

There will not be MIAC champions or playoffs in any postponed fall sport this spring. Once games move outdoors, [each MIAC institution will create its own policy regarding spectator attendance](#) in accordance with Minnesota Department of Health and campus protocol. No spectators are permitted when a contest is conducted at an on-campus indoor facility. When a contest is conducted at an off-campus indoor facility and a MIAC team is designated as the host, spectators are limited to remaining outside of the playing area, contingent upon the facility and campus spectator policies.

Throughout the season, the MIAC will honor outstanding individual performances each Monday with the announcement of the men's and women's soccer Athletes of the Week. Additional information related to the 2021 MIAC Men's and Women's Soccer seasons can be found via the links below.
