RULE CHANGES

The NCAA Swimming and Diving Rules Committee and NCAA Playing Rules Oversight Panel approved several rules changes that will be in effect for the 2023-24 and 2024-25 seasons. The committees issued clearer guidance on swimwear standards and the use of kinesiology tape, and permitted the use of underwater cameras to confirm infractions. The standard definition of "bona fide competition" was also clearly defined. A full list of the NCAA rule changes for swimming & diving can be found [here](#).

AWARD WATCH

The MIAC Men's and Women's All-Conference honorees will be announced in February following the conference championships. The top three finishers in each conference championship event, including relays, will receive All-Conference status. Finishers #4-6 and relay finisher #4 at the conference championship meet will receive honorable mention distinction. Head coaches will also vote on individual awards, including Swimmer of the Year, Diver of the Year, Rookie of the Year, and Coach of the Year following the championships. To be eligible for Rookie of the Year honors, a student-athlete must be a true college first-year student (not a transfer from another institution or an academic sophomore/junior/senior who has not used eligibility).

Throughout the regular season, the MIAC will recognize top individual performances with MIAC Athlete of the Week awards for both swimming and diving. Athlete of the Week awards will be issued on Tuesdays throughout the academic year when at least three MIAC teams have competed in a given week and nominations for outstanding performances have been submitted.
