

MIAC honors record number of 2014-15 Winter/Spring Academic All-Conference selections

Posted: Jun 25, 2015

BLOOMINGTON, Minn. -- Student-athletes in the Minnesota Intercollegiate Athletic Conference (MIAC) excelled in both athletics and academics in 2014-15, and that success is accurately reflected by a record number of selections on the MIAC Academic All-Conference teams. The conference honored 633 student-athletes with 2014-15 Winter and Spring Academic All-Conference awards Thursday, and the overall total of 989 honorees in 2014-15 is also a new MIAC best.

The MIAC Academic All-Conference distinction is awarded to student-athletes who meet a combination of academic and athletic requirements. This year's totals ranks above the impressive numbers from a year ago, in which a then-record 610 student-athletes were recognized in the winter/spring, and 944 were honored overall. In addition to the record 356 Fall 2014 honorees, the MIAC set new records with both seasonal releases and the overall total for the second-straight year.

"It is continually amazing how our student-athlete achieve, both in the classroom and in competition," said MIAC Executive Director Dan McKane. "2014-15 was another banner year in the MIAC, and our record number of Academic All-Conference honorees is an outstanding reflection of the tremendous achievements of our student-athletes. Congratulations to all the Academic All-Conference selections, and thank you for being outstanding representatives of your institutions, the MIAC and NCAA Division III."

The record spring total included 390 women and 243 men. Women's outdoor track and field led with 88 honorees, and women's indoor track and field was next with 85 and women's hockey had an even 50 selections. Men's outdoor track and field had 52 student-athletes honored, while men's indoor track and field was next with 50 selections, with men's hockey adding 42 honorees to lead the men's sports.

Academically, student-athletes must be a sophomore, junior, or senior with a minimum cumulative GPA of 3.5 on a 4.0 scale to qualify for MIAC Academic All-Conference recognition. Athletically, student-athletes in team sports must compete in 50 percent of their team's regular-season varsity contests. The team sports eligible were baseball, men's and women's basketball, men's and women's hockey, softball and men's and women's tennis.

There were two changes to team sport athletic requirements: baseball pitching requirements were modified to five appearances or 20 innings pitched, and a new requirement was added to benefit hockey goalies, stating that goalies must play in one-third (33.3 percent) of their team's total minutes played for the regular season.

The winter and spring individual sports each have sport-specific criteria, and they include golf, swimming and diving and both indoor and outdoor track and field. The swimming and diving qualifications require a student-athlete to finish in the top 16 of an individual event or compete in a relay race at the MIAC championships to be eligible. Track and field qualifications were modified in 2014-15, and require student-athletes to score in an individual event or compete on a relay team at the MIAC Championships.

Golf was moved from the fall to the spring in 2014-15 and its athletic requirements were modified to reflect the split-season nature of the sport. Beginning this year, student-athletes either had to compete in the MIAC Championships, or compete in a minimum of 12 competitive rounds.

MIAC Academic All-Conference honors are announced twice annually, after the completion of the fall and spring academic semesters. The 2014-15 winter and spring Academic All-Conference honorees are listed below, classified alphabetically first by sport, then school. To see the 2014 Fall All-Conference honorees, [click here](#), or [click here](#) to visit the MIAC Academic All-Conference archives.

MIAC WINTER/SPRING 2014-15 ACADEMIC ALL-CONFERENCE TEAM

Categorized alphabetically by sport, then school

Winter/Spring 2014-15 Total:	633
Fall 2014 Total:	356
2014-15 Total:	989
