

The College of St. Thomas ran away with the MIAC All-Sports crown for 1980-81, while the Gusties finished fourth in a close race for the runner-up spot. A first place in tennis and a second place in football highlighted the Gustavus effort this season. Points are awarded for each sport based on finish after seasonal play or in a conference tournament, with 10 given for 1st, 9 for 2nd, and so on; points for ties are figured by adding the points which would have been awarded for the positions involved and then dividing by the number of teams tied for that place.
